1231-CPR-1090-1-2400-A-354

## Certificate of conformity of the Factory Production Control

In compliance with *Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011* (the Construction Products Regulation or CPR), this certificate applies to the construction product:

|  |  |
|--|--|
| Building Product                                     | <b>Components for steel and aluminium structures up to and including execution class EXC 4 according to product standard EN 1090-2:2018 and EN 1090-3:2019.</b><br>Profiling of steel and aluminium, cold forming of steel   |
| Applied welding processes                            | n/a  |
| Applied parent materials                             | S235, S275, S355, Stainless Steel 304 and 316, Aluminium cr4, cs50 and hr4   |
| Responsible Welding Coordinator                      | n/a.   |
| CE – marking method                                  | 1 and 3a   |
| Placed on the market under the name or trade mark by | <b>Charles Day (Steels) Ltd.</b><br><b>6 Downgate Drive</b><br><b>Sheffield S4 8BT</b><br><b>United Kingdom</b>  |
| Produced in the manufacturing Plant(s)               | Charles Day (Steels) Ltd.<br>6 Downgate Drive<br>Sheffield S4 8BT<br>United Kingdom  |
| Conformity   | This certificate attests that all provisions concerning the assessment and verification of the constancy of performance described in Annex ZA of the standard(s) EN 1090-1:2009 + A1:2011 under system 2+ are applied and that the factory production is assessed to be in conformity with the applicable requirements.  |
| Period of validity                                   | This certificate was first issued on 19-12-2014 and will remain valid as long as neither the harmonized standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant(s) are modified significantly, unless suspended or withdrawn by the notified body for the factory production control. The validity of this certificate can be verified at <a href="https://www.tuv.nl">https://www.tuv.nl</a> . Changes as stipulated in EN 1090-1 that can affect the validity of the certificate shall be submitted to TÜV as obligation by the manufacturer in writing via <a href="https://www.certificering-keuring.nl/en-1090-wijzigingsformulier">https://www.certificering-keuring.nl/en-1090-wijzigingsformulier</a> . |
| Date of latest issue                                 | 15-11-2021 (rev 2 , norm update)   |
